INTRODUCTION

Depuis 1928 et avec nos connaissances des techniques anciennes comme des contemporaines, nous parvenons à réaliser des cadres exceptionnels, selon les envies et les goûts de chacun.

Avec le temps, l'atelier est devenu un point de référence où se retrouvent les artistes, collectionneurs d'art et experts du secteur.

Grâce à notre collection unique de 10 000 moules d'ornements centenaires et de profils uniques en leur genre, nous sommes capables de créer des cadres sur-mesure pour chaque demande.

Forte de son expérience, notre équipe saura vous conseiller et vous écouter pour tous vos projets d'encadrement.

Notre engagement pour votre satisfaction est entier, c'est pourquoi nous mettons tout en œuvre pour que chaque projet vous offre un service de qualité.
